Your Value Builder Assessment

The first month of each year is dedicated to getting or updating your Value Builder Score and measuring your progress on the eight key drivers of Value.

Your Scalability Finder

In the second month of each year, you will complete The Scalability Finder exercise in which we identify your products and services that have the potential to scale up the fastest.

The Customer Score

The third month of each year is dedicated to benchmarking your customer's satisfaction with your business against the most successful and fastest growing companies in the world.

Your Growth Potential

In the fourth month of each year, we will review your product and service mix to maximise your growth potential.

The Automatic Customer Builder
